

## Children's Ministry

*It is true that children are a gift from God. Here at Neighborhood Church, all children are special. It is a pleasure to serve the Lord by helping Him reach children for Jesus.*

*All individuals who work with the children must undergo a background check and go through training. We also have completed a Policy and Procedure Manual for the entire Ministry, which outlines all we do to ensure the safety of our children.*

*We provide a safe, fun place for children to come and learn more about Jesus. Check out our web page for more information.*

Information  
About  
Children's  
Ministry:  
Birth Through  
6th Grade

## Sunday School

Each Sunday, we have age appropriate Bible learning experiences and related activities for children birth through grade 6.

## Children's Sermon time during worship

All children are welcome to come to the front of the auditorium and hear Mr. Doug's children's sermon. His time with the children is exciting and fun for the kids.

## Children's Worship Packets

Each week, a worship packet is made. One for ages two to four and another for Kindergarten through 4th Grade. The packet includes a bulletin with activities for the children to do relating to the pastor's sermon and Scripture reference, a pencil, a box of crayons, and a board to use to write upon.

These packets can be found in the blue bucket located near the stage on the right side of the auditorium. Parents return the packet with the board, pencil, and crayons to the bucket at the end of the service. Keep the bulletin for your child.

## CentriKid

This quality, Christian camp experience is for children who have completed grades 3 - 6. It combines worship with age appropriate activities designed to reach children with the message of Jesus Christ. Neighborhood Church NC attends each year during the summer in June. Cost, dates, location, and when money is due to reserve your spot are announced in January.

## Bible Studies for Parents

These studies are for all parents, grandparents, and teachers who want to learn more about God and growing in their walk with Him. We have one in the fall and one in the

spring. Some examples of studies done include: Effective Parenting in A Defective World, The Hurried Family, Balancing Life's Demands, and The Invisible War. Location, dates, and time TBA.

## Events

Periodically, we have events for the children. Check the bulletin and website to see when the next event is and exactly what it will be.

## Choir

Choir is for children who are in the 1st Grade through Middle School. This choir will start practicing soon. Location, dates, and time TBA.
